

**Traveling Exhibit  
that helps identify  
risky teen  
behaviors**

Hidden In Plain Sight is a program developed by **Power to the Parent**, which teaches adults about the hidden signs of drug and alcohol abuse that might be found in a teen's room

The Butler County Coalition works to provide this educational resource to the local community **free of charge** to help caregivers and parents be educated and empowered to help prevent alcohol and drug use.

# **HIDDEN IN PLAIN SIGHT**

**Learn the hidden signs  
and symptoms of  
substance abuse in youth**

Discover how easily drugs and alcohol can be hidden in a teenager's room or locker. Become educated on the latest substance abuse trends, signs and symptoms.

# QUICK QUIZ?

Can you identify the THREE objects below that are used for drug and alcohol abuse?

**"In the struggle against teen drinking and substance abuse, there is a first line of defense.**

**Parents.**

**If we can get to them before their peers do, we have a far better chance to keep them safe. "**

Hidden in Plain Sight is a great display to include during:

- School Resource Events
- Parent-Teacher Conferences
- Company Education
- Community Events
